Journal of Medical Imaging and Radiation Sciences
Research Informing Practice

Journal De L’imagerie Médicale et des SCIENCES DE LA RADIATION

BRIEF COMMUNICATIONS
4 Professionalism and Ego Management: Proposed Strategies for Understanding Professionalism and Dealing with Its Current Accelerating Decline

11 The Grey Area: An Exploration of the Scope of Practice for Nurses and Radiation Therapists within the Radiation Oncology Program Focusing on Interprofessional Collaborative Competencies of Role Clarity, Communication, and Team Function

55 Comparison of Bolus Materials to Highly Absorbent Polypropylene and Rayon Cloth

61 Risk Profiles for Sensorineural Hearing Loss in Patients with Head and Neck Cancer Receiving Cisplatin-based Chemoradiation

68 Clinical Chart Audits as a Potential Process Improvement Strategy Within the Radiation Therapy Department of a Community-Based Cancer Center

74 Smoothing the Way: The Perception of Unit Supervisor Radiation Therapist Roles at the British Columbia Cancer Agency

83 Twitter Journal Club in Medical Radiation Science

90 The HESI Admission Assessment and Radiography Exit Examination as Predictors for Student Success

RESEARCH ARTICLES
16 Quantifying Worry in the Face of Uncertainty: Radiation Exposure from Medical Imaging

22 Observer Performance in Computed Tomography Head Reporting

30 Anatomic Site Markers: Evaluation of Their Use among Maltese Radiographers

39 Determining Spatial Resolution of Gamma Cameras Using MATLAB

43 Magnetic Resonance Imaging and Spectroscopy to Assess Leg Muscle Macrostructure and Microstructure in Healthy Older Women: A Feasibility Assessment

95 Examining Grade Inflation and Considerations for Radiologic Sciences: A Literature Review

103 Adverse Health Outcomes Associated with Postdiagnosis Smoking in Prostate Cancer Patients: A Literature Review
